Who We Are

Nigerian Physicians Advocacy
Group

The Nigerian Physicians Advocacy Group (NPAG) is the non-partisan 501c4 affiliate of the Association of Nigerian Physicians in the Americas (ANPA) created to deal with the health care crisis in Nigeria through civic engagement.

We are building a formidable Nigerian constituency. With the unprecedented number of Nigerian-Americans in a single US administration, we celebrated the Nigerian Diaspora Pride in Washington, DC.

We want to be the organization that educates Congress and WH on health care issues affecting the African diaspora communities in the USA as well as advocate for programs that will lead to good governance in Nigeria.

Our Impact- Providing Clean Water

Aliade Community, Benue State Nigeria
Ogbona Community, Edo State Nigeria

Partnering with Nigerian communities to meet their needs, engage & educate. The top left picture depicts water supply for Aliade community before we built two boreholes through collaboration with SHIFT Nigeria. We also built a borehole in Ogbona community, Edo state. Over 4,500 Nigerians now have access to clean water through this initiative. We want to continue!

Our Impact- Enhancing voter's experience

Abia, Kano, Kogi, Imo and Lagos states, Nigeria

We combined the convenient opportunity for voters to register and learn about the voting process while providing free blood pressure (BP) screening. We provided BP screening to over 50,000 people while registering 70,000+ new voters. 27,000+ voters collected their PVCs and 5 million+ people were reached through our voter sensitization media campaign. We encouraged voters to exercise their right to vote in a non-partisan way.

We rallied with CSOs and engaged in high level talks with Dana Banks, Special Adviser to President Biden advocating for the 2022 Electoral Act that was signed into law in February, 2022
